Title: Poker

Description: A very basic game of poker that two players will be able to play locally. It will resemble Texas Hold'em poker at a very basic level but will not abide by all rules associated with Texas Hold'em and may create new rules as is convenient.

Actors: Players

Functionality:

1. Players can choose to raise on each betting round
2. Players can choose to call on each betting round
3. Players can choose to fold on each betting round
4. Players can save the state of the game after each deal
5. Players can see the current value of the pot
6. Players can see the value of the current bet
